

SESSION 6.2 MOCK TRIAL OF THE FUTURE

Fast Forward... through time with our presenters who will perform a mock trial of the future.

The case will be set in 2022 in an era when 3-D printing has been perfected and commercialised. This has thrown a proverbial wrench into IP law enforcement. To further complicate matters, the prevalence of on-line sales confound jurisdictional boundaries.

What will this brave new world of IP look like and how might IP laws adapt? Join our panel to find out.

SESSION 6.2 MOCK TRIAL OF THE FUTURE

JOSEPH T. NABOR (US) – MODERATOR

Joseph T. Nabor is a partner at intellectual property law firm Fitch, Even, Tabin & Flannery LLP (www.fitcheven.com), where he chairs the trademark and copyright practice group. A 1989 graduate of IIT Chicago-Kent College of Law, Joe has extensive experience in both domestic and international trademark prosecution and is a highly successful litigator. In addition, he regularly counsels clients on brand development strategies, including securing trademark rights throughout the world. Joe also assists with the enforcement and protection of rights developed under the copyright laws of all international jurisdictions.

Joe frequently speaks and writes on intellectual property law topics. He has served in leadership positions with the Illinois State Bar Association, the Chicago Bar Association, the International Trademark Association, the Chicago Intellectual Property Alliance, and the Intellectual Property Law Association of Chicago as well as serving on the Editorial Board of the *International Journal of Innovation Science* since 2008.

SESSION 6.2 MOCK TRIAL OF THE FUTURE

CAROLINE CASALONGA (FR) – SPEAKER

Caroline Casalonga is Managing Partner of CASALONGA AVOCATS. She is specialised in patents, trademarks and other IP rights litigations. She has about 20 years experience in all intellectual property fields from counsel to litigation. She commenced her career with Paul Mathely, and then joined Pennie & Edmonds in New York City prior to practising with CASALONGA.

She advises large French and International companies for protecting and defending their Intellectual Property rights in different sectors including electronics, automobile equipment, pharmaceutical goods, and consumer products.

She is recognised as one of the French leaders in Intellectual Property and is cited by the European Legal Experts Magazine and the Legal 500.

She regularly participates as speaker in national and international conferences.

SESSION 6.2 MOCK TRIAL OF THE FUTURE

ROBERT S. KATZ (US) – SPEAKER

Robert S. Katz Esq. helps the world's most innovative companies protect themselves in a highly competitive marketplace; and is a partner in the Washington D.C. office of the intellectual property law firm Banner & Witcoff.

Both nationally and internationally, Mr. Katz is considered as a premier practitioner in the field of industrial designs. He has helped procure more than 5,000 design patents in the U.S. and more than 15,000 design patents/registrations outside the U.S. He has also helped to successfully enforce more than 100 design patents.

He is a former USPTO Utility Patent Examiner and has a Mechanical Engineering degree from Carnegie-Mellon and a J.D. from George Washington University School of Law. He is a professor at George Washington University School of Law teaching Design Law and a professor at Georgetown University Law School teaching Intellectual Property Pretrial Litigation Skills.

A frequent speaker on industrial design-related topics, Mr. Katz recently presented at The USF School of Law McCarthy Institute and Microsoft Corporation Symposium in London, the AIPLA Spring Meeting in Philadelphia and the FICPI Japan Intellectual Property Kyoto Symposium.

Mr. Katz is a longstanding member of FICPI and currently serves as Secretary of the U.S. Section, and is a former Chair of the Industrial Design Section.

SESSION 6.2 MOCK TRIAL OF THE FUTURE

MAREK ŁAZEWSKI (PL) – SPEAKER

Marek is one of the founders of Lazewska & Lazewski, a firm dating back to 1995 which developed to become one of the leading Intellectual Property practices in Poland.

He specializes in complex patent, trademark and design prosecution and litigation; involved in life-cycle management of a highly successful international pharmaceutical product; supervising and conducting prosecution, validity and infringement proceedings in Poland related to patents. He also has considerable experience in representing litigants at the CTM court in Warsaw.

He is the author of various publications on the intellectual property addressed to Polish entrepreneurs and a frequent contributor at conferences and seminars. Marek advised the Polish Ministry of Economy on the legal and economic problems involved in the introduction of the Community Patent in Poland. Moreover, he participated as an expert in the European Commission Project „MAKING IPR WORK FOR SMEs - Enforcement Best Practices” in 2010.
